Dear Valued Customers & Friends,

As of January 1, 2026 I will be retiring and turning ASE Feed and Supply over to our three daughters Amy, Stacy, & Emily. Stacy will be the majority owner in the company. She will continue to handle the day-to-day operations. Teresa and I have been blessed and honored to serve all of our loyal and dedicated customers over the past 25 years and I have had the honor of working with many of you for the last 41 years. I will be retiring to our farm just north of Marysville where I can continue to work in the agricultural industry. I am also looking forward to spending time taking life a little slower by enjoying our grandchildren, going fishing, and traveling with Teresa.

Amy, Emily and I have been blessed with the opportunity to continue the tradition of excellent customer service that Dad has strived for since 1984. He and Mom have been role models of work ethic and honesty in business and in life. Dad has never asked an employee to do something he hasn't done before. It is second nature for him to go above and beyond to serve customers, even when he's 'off the clock'!

I (Stacy) started working with Dad full time in 2012 after I received my Master's Degree in Agricultural Communication. My favorite memories with him are traveling to conferences discussing business improvements. It was so neat to work together to create blueprints for the new store and seeing how things have progressed eight years later!

On behalf of my sisters and I, thank you to our community of loyal customers and friends for your support during this transition. We look forward to continuing the high standard of service to honor the legacy Mom and Dad provided for us- after all, they did name it after us!
